

The background features a large, vibrant image of a school building with a prominent tower, set against a sky with soft clouds. The building is partially obscured by a whiteboard on the right side. The whiteboard has a blue border and contains the text 'Middle School' in a yellow, sans-serif font. Below the whiteboard is a smaller, empty whiteboard with a blue border. The overall design is clean and modern, with a color palette of yellow, orange, blue, and green.

Middle School Course Description Guide

The unique needs of students in grades 6 through 8 can best be met in a middle school setting that provides a student-centered program and recognizes that the students of this age are undergoing greater physiological, psychological, and social re-orientation than at any other period in their lives.

The overall purpose of the middle school is to meet the educational, developmental and social needs that emerge during this transitional period. The middle school program will provide a supportive and flexible environment

This guide is a resource for you and your family to help you navigate the journey through middle school. The guide includes a description of courses at grade levels 6-8 in core academic areas and electives. If you need further information or you have a question concerning your child's middle school programming, please contact our school counselor for guidance.

By the end of Eighth Grade English, students will have read a variety of texts in print and multimedia formats: fiction, literary nonfiction, poetry, drama, informational (expository, persuasive, argumentative) texts in multimedia formats, and three genres of writing (argumentative, informative, narrative).
